### Guest Lecture and Project Report

Green club, Shri Binzani City College in collaboration with NEERI (National Environmental Engineering Research Institute) had organized Guest Lecture on "Methodology of Noise Monitoring on Diwali Festival 2023" on 31<sup>st</sup> October 2023 at 11.00 am and project from 5/11/2023 to 18/11/2023 for the students.

The Guest lecture and project were organized to create awareness among students about Noise Pollution and its hazards.

This program was started with formal greetings and introduction of Guest by Prof. Punam Bangde, Coordinator, Green Club; Welcome and Green Club introductory speech was delivered by Dr. Narendra Raghatate coordinator, Green Club.

Guest Speaker Er. Satish Lokhande, Sr. Technical Officer, Sophisticated Environmental Analytical Facility, NEERI had delivered a lecture on the topic "Methodology of Noise Monitoring on Diwali Festival 2023 (Noise Tracker App usage)".

Er. Satish Lokhande gave emphasis on noise pollution and its peak on diwali. He said Firecrackers do not only burn bright and cause deadly smoke but also create enormous amount of noise pollution. He also explained that this is especially a problem for the old people, students, animals and sick people. The noises are highly disturbing.

Er. Satish Lokhande elaborated applications of Noise Tracker App developed by him. In particular he gave the example of how Noise Tracker App could be used in Measuring Noise Pollution.

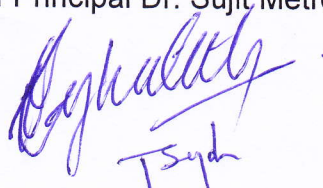

It was a very interactive session and it gave a deep insight about to combat the Noise Pollution.

After his lecture the students were given time to interact with him.

Total 38 students were present in the Guest Lecture.

The program was concluded by the Vote of thanks delivered by Prof. Punam Bangde.

The Guest Lecture and project were organized by Prof. Narendra Raghatate, Prof. Punam Bangde under the guidance of Principal Dr. Sujit Metre.

  
TSydr

The project undertaken by the Green Club included the use of the Noise Tracker App on Diwali from 5/11/2023 to 18/11/2023 to monitor real-time noise levels.

**The Methodology for the project was:-**

The noise monitoring was carried out during the period of Diwali Festivals in Nagpur city, Maharashtra.

The noise level monitoring was conducted at 3 locations considering Residential, Commercial, Industrial and Silence zones of Nagpur District.

The Noise Tracker App was used for monitoring of noise levels for 15 minutes at each location at Morning (9-11 am), Afternoon (1-3 pm), Evening (4-6 pm) and Night time (8-11 pm). It recorded the noise level of a location, expressed in decibel value (dB), and shown in the digital screen.

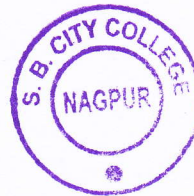

The monitoring was carried out for 5 days considering the noise that generate during the festival.

Before Diwali (Any single day between 5 Nov to 9 Nov), During Diwali (11 Nov to 13 Nov- All three days) and After Diwali (Any single day between 16 Nov to 18 Nov).

Total 48 students were participated in the project.

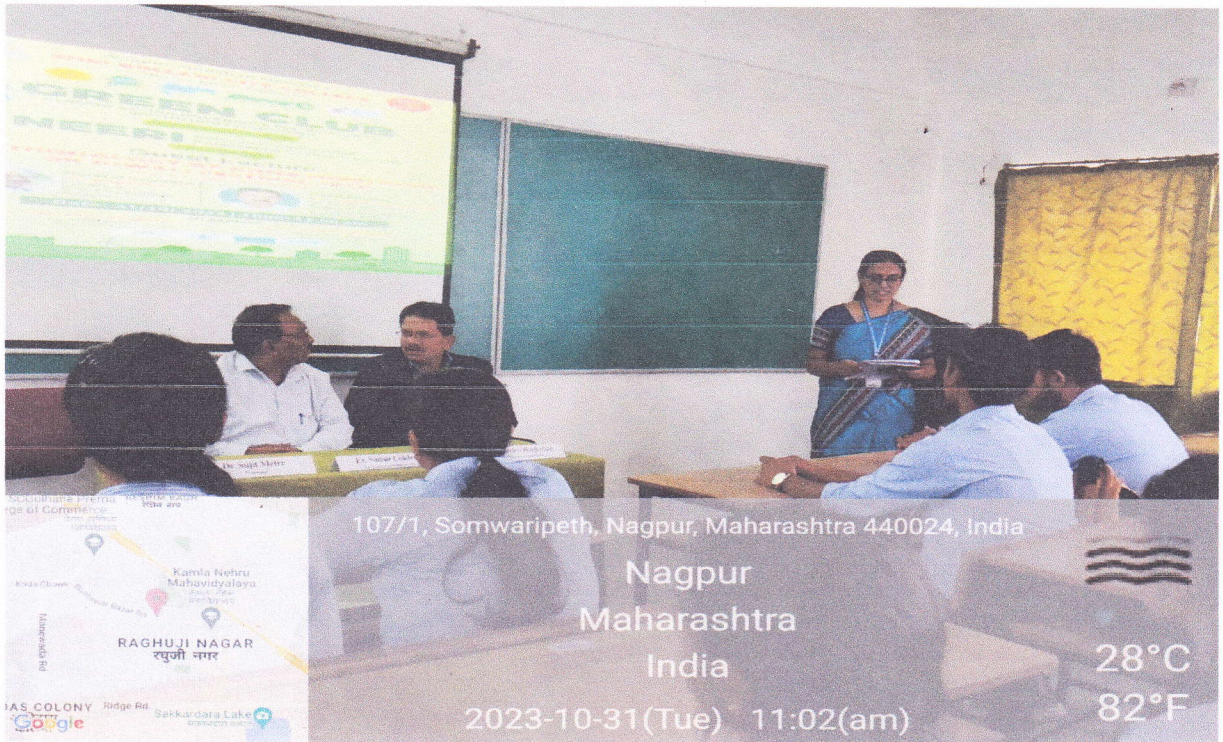

Certificates were given to students to appreciate and encourage them to participate in different activities in future also.
